## ITALIANS DO SEEM TO DO IT BETTER.

The Genovese Family came to Australia in 1950 & established themselves in Melbourne roast coffee for the Victorian Market. In the late 1960s, Alfio Genovese (founder) decided that he needed to roast coffee that would resemble the true Italian style coffee that he knew, & as a result, A. Genovese & Sons was established in 1970.

The company's aim was then, & is still today, to provide the Australian Market with a true Italian espresso coffee experience. From a small factory in Lygon Street Brunswick the family established a following that required a move in 1975 to its current site at Nicholson Street East Coburg.
